

# Clay Middle School

Dear Parents:

This school year, our class will be using Kahn Academy, a free and secure online learning platform where students can supplement in-class learning. In this on-line learning environment students will have additional opportunities to have math concepts reinforced. Kahn Academy provides a safe and easy way to support learning beyond the classroom, and help students develop important online skills.

In order for your child to use Kahn Academy, he or she must have your permission, and you must read and agree to the Terms of Service (<https://www.khanacademy.org/about/tos>) on your child's behalf. You must also read and agree to the Khan Academy Privacy Policy (<https://www.khanacademy.org/about/privacy-policy>).

Please review the Terms of Service and Privacy Policy with your child and note that these policies may change over time, so you should review them again when you or your child receives a notification that they have been updated.

I hope that your child will enjoy using Kahn Academy to assist their learning this year. You can learn more about the site by visiting <https://www.khanacademy.org/>

I give consent for my child, listed below, to use Khan Academy for class activities.
